credo

It has always been my philosophy that cooking with the freshest ingredients makes for the best food. This is why I support our local farmers, using only organically or locally grown fruits & vegetables. I use antibiotic & hormone-free proteins and seafood, which are in no threat of becoming endangered.

I truly believe the world can be a better place one meal at a time.

- Chef Vito Racanelli Jr.

Remember: There is nothing more honest than food.

We at Onesto do our part for our planet's future. We are proud to Recycle, Reuse & Reduce.

"Bad men live that they may eat & drink, whereas good men eat & drink that they may live."
